

MARKHAM E. DALY

Cybersecurity Analyst | Email Security • DNS & Infrastructure • Technical Presales

(518) 538-1780 | markham@mdaly.dev | Castleton, NY 12033 | linkedin.com/in/markhamdaly | mdaly.dev

PROFESSIONAL SUMMARY

Cybersecurity analyst with experience in email authentication (DMARC, SPF, DKIM), DNS analysis, enterprise security implementations, and vulnerability assessment. Combines strong client communication developed across security, sales, and presales roles. CompTIA Security+ and Network+ certified, with a security blog and home lab documenting ongoing research and projects.

KEY SKILLS

Email Security: DMARC | SPF | DKIM | DNS Analysis & Reconnaissance | Sendmarc Platform

Security & Testing: Vulnerability Assessment | Penetration Testing | ZAP | Nmap | Network Security & Segmentation

Technical: Python | Bash Scripting | Linux | Windows Administration | AI-Assisted Tooling

Client and Business: Technical Presales | Client Engagement | Technical Communication | Hubspot | Excel

CERTIFICATIONS

CompTIA Security+ (2026) | CompTIA Network+ (2026) | Google Cybersecurity Professional Certificate

EXPERIENCE

Sendmarc | Remote

April 2026 – Present

Email Security Analyst & GTM Specialist

- Perform sender discovery and domain categorization to drive SPF/DKIM alignment and DMARC policy recommendations across enterprise accounts with 100+ domains.
- Lead full DMARC policy lifecycle from none to reject, including hands-on implementation and customer domain migration.
- Act as SDR and lead generator for the North American region, prospecting 400+ accounts and qualifying inbound pipeline to support the NA sales lead.
- Conduct presales conversations explaining email authentication to non-technical stakeholders, translating DNS and security data into business risk narratives.
- Troubleshoot email security and deliverability issues using DNS, email headers and client communication.
- Build internal scripts and automate domain analysis workflows using AI-assisted tooling; findings documented publicly at mdaly.dev.

U.S. Port Security | Albany, NY & Tampa, FL

June 2025 – August 2025

IT & Cybersecurity Intern

- Contributed to a FEMA cybersecurity grant application and assisted in compliance planning under Coast Guard NVIC 02-24.
- Conducted vulnerability assessments of internal web applications using OWASP ZAP and Nmap, identifying security weaknesses and documenting findings for review.
- Observed configuration and troubleshooting of Cisco switches, firewall rules, and network segmentation alongside enterprise IT teams.
- Gained physical security exposure across full port environments (land and sea), broadening perspective on holistic infrastructure protection.

Keeler Mercedes-Benz | Latham, NY

May 2023 – May 2025

Product Specialist & Concierge

- Managed full client journey from outreach through conversion, tailoring technical walkthroughs to each customer's knowledge level.
- Translated complex product specifications into clear guidance, a skill directly applied in security presales and client-facing technical communication.
- Recognized for high-value client retention and consultative engagement in a high-pressure, quota-driven environment.

EDUCATION

University at Albany | Albany, NY

Bachelor of Science, Cybersecurity — GPA: 3.86

Hudson Valley Community College | Troy, NY

Associates of Science, Computer Information Systems

EXTRACURRICULAR

Cyber Defense Organization | University at Albany

Junior Board Member

- Co-organized and staffed the Great Dane Defense Competition (GDDC), a student-run CTF event; authored Linux-based and SQL injection challenges for the competition question pool.
- Served on the white team during GDDC, ensuring challenge integrity and providing technical guidance to red and blue team participants on competition day.
- Competed in the National Cyber League (NCL) and GDDC CTF events, gaining hands-on experience across offensive and defensive security categories.
- Engaged weekly with senior security professionals on emerging threats, tools, and live Red Team vs. Blue Team exercises on Linux environments.

Golf Team Captain | Hudson Valley Community College

- Elected captain by peers as a freshman; earned Academic Award for performance on and off the course.
